OLIVE WOOD SPOONS

This is a wooden spoon made from Olive Wood! It has a beautiful marble like swirl in the wood and is extremely hard and durable. It is handmade in Spain from two hundred year old olive trees that are replaced with young olive trees. Approximately 12 in. long.

Chef Notes: These are the best wooden spoons we have ever used. Very hard and strong they are great for stirring what ever you are cooking! These spoons do not stain like softer wooden spoons.

Olive Wood -- Stir and Serve Spoons

Elegant marbled grain delights the eye and the hand.

Handmade in Spain, these olive wood spoons retain their deep grain and silky patina.

Quality and Durability

Hard olive wood resists staining and “fuzzing.” They’ll never snap like an old twig, even with the stiffest batter.

12 “ long

Bon Appetite!
